

SHADOW SOFTWARE

— 60-MINUTE CONSULT · \$119

Jurisdiction intelligence.

One focused hour on residency,
entity structure, and your next
jurisdiction move — the same
research engine behind TERRA AI,
delivered live.

— THE SESSION

What happens on the call

Bring context upfront so we use the full hour on decisions, not discovery. Reply to your booking confirmation with the prep below.

- 1

Your passport & residency
Country of issuance, where you live now, and where you want to operate — the constraints every structure choice sits inside.
- 2

Businesses & revenue
Entities you already run, approximate annual revenue, and how money actually flows today.
- 3

Goals from our intro
Tax residency targets, incorporation preferences, and timeline — so recommendations match what you are building.
- 4

Clear next steps
TERRA AI subscription, professional referrals for filings, or a phased plan — not vague “consult an advisor” hand-waving.

— SOFTWARE FOUNDERS

Building a product? Register first.

Software businesses need the right entity and residency stack before code ships. Most greenfield paths run: jurisdiction clarity → custom build → launch-day growth.

60-Min Software Development Consult

Scope the app, get a rough quote, and map build-and-handoff vs build-and-run — twelve years shipping production software.
